Spain

Dear Mr Alvares

Degree: MSc - Applied Artificial Intelligence
Board of Studies: Science

I am pleased to inform you that the Postgraduate Policy Committee has recommended to the Senate that your submission be sustained and that the above degree be conferred upon you. You may take it that the Senate will confirm this recommendation. Once this has been confirmed, you will be qualified to graduate. Please note that payment of any outstanding fees must be made before your graduation.

You may graduate *in absentia* either in July or at meetings of the Senate between November and July. Enclosed herewith is a **blue** form for this purpose. If you have already completed a form, you need not do so again.

If you wish to graduate *in person* at the ceremonies held in July, you must obtain a form from the Registry after the start of the Summer Term. The closing date for receipt of applications to graduate in July will be **3 May 1996**. Applications received after this date will be subject to a late fee. If you have already completed a form, you need not do so again.

Your attention is drawn to your Higher Education Unique Student Identifier (HUSID) printed at the head of this letter. You are asked to keep a careful note of this, as you may be asked to quote it if you subsequently proceed to another higher education programme at this or another institution in the UK.

Please take special care to ensure that the Registry is notified of any change in your address, in particular the forwarding address for your degree certificate.

Yours sincerely

Lorna Ingram (Mrs)
